Courtesy

Observe these simple courtesies to ensure a safe and enjoyable experience during your visit to Wolf Run Park:

- Pets must be on a leash at all times, except in the "bark park." Owners must clean up after their pets.

- Campfires, alcohol and illegal drugs are prohibited.

- Motorized vehicles are restricted to designated parking areas.

- Visitors must remain on designated trails within all forested areas of the park to protect rare resources.

- Hunting is allowed only through a permit system administered through the park district. A limited number of bow season permits are issued each year to maintain healthy animal populations.

- Littering is prohibited. Pack out the trash.

- Removal of plants, animals, minerals, artifacts or other natural features is prohibited.

- Help preserve the solitude of the park by being considerate and quiet.

Recent Developments

The Knox County Park District continues to seek ways to improve the quality of our users' visits to Wolf Run. The dog park allows users to exercise their dogs off leash in a two-acre, fenced area adjacent to the Yauger Road parking lot. Dogs on leashes are welcomed anytime at Wolf Run. New for 2012, the Sub-alpine Hiking Club Trail was constructed, a fishing pier was built and a new picnic shelter awaits your next meal.

Improvements to our park system are made possible, in part, by the passage of the Knox County Park District levy in 2008—THANKS!

Your Park

Many donor and volunteer opportunities exist to assist the park district with Wolf Run and other park sites. Please contact the park district at 740/392-PARK.

Every year, thousands of people escape the stress of their everyday world to enjoy Knox County Park sites. The Park District works in partnership with state, county and township government, local communities and private interest groups to develop a system of parks, recreation areas and open space which satisfies the needs of the residents—while preserving the county's cultural and natural heritage. The Park District manages a variety of natural areas including parks, canoe access sites, the state's first water trail and multi-purpose trails.
